

# Part 1 – Computer Fundamentals

## Chapter 01: Field Guide to Identifying Computers in the Wild

- It's a Wired World ..... 4
  - An Exceedingly Brief History of Computers ..... 4
  - Computer Anatomy 101: Hardware and Software ..... 5
  - How Computers Work ..... 5
- Categories of Computers ..... 7
  - Mainframe Computers ..... 7
  - Supercomputers ..... 7
  - Minicomputers ..... 8
  - Microcomputers ..... 8
    - IBM-Style PCs ..... 9
    - Apple Macintosh ..... 9
  - Handheld Computers and PDAs
- Connecting Computer Systems Large and Small ..... 11
  - Mainframe and Microcomputer Systems: Centralized Data Processing and Storage ..... 12
  - Microcomputer Systems: Decentralized Data Processing, Flexible Storage, and Sharing ..... 14
    - Networks ..... 14
    - Sharing Resources ..... 15

## Chapter 02: Going with the Data Flow

- Phase One: Start Me Up! – The Computer's Boot Process ..... 20
  - Power-On ..... 20
  - Hardware Test ..... 20
    - Data Flow ..... 20
  - Operating System Load ..... 21
    - The Data Keeps Flowing ..... 22
- Phase Two: The Dance – Interacting with the Computer ..... 22
  - Input Devices ..... 23
    - Installing Input Devices ..... 24
  - Internal Processing ..... 25
    - Opening Programs ..... 26
    - Creating Data Files ..... 27
  - Output Devices ..... 27
    - Feedback Devices ..... 27
    - Hardcopy ..... 28
    - Networking ..... 29
    - Storage Devices ..... 29
    - Connecting Output Devices ..... 31
- Phase Three: Park It – Properly Closing Programs and Shutting Down the Computer ..... 32
  - Anti-Corruption ..... 33
  - Personal Security ..... 33
  - Green Acres ..... 34

## Chapter 03: How to Speak Geek and Make Informed Computer Purchasing Decisions

■ Performance: Speed, Capacity, and Sophistication	40
• Speed	41
• Capacity	42
• Doing the Numbers	42
• Hard Drive Capacity	43
• System Memory Capacity	43
• Sophistication	44
• CPU Example	44
• Video Card Example	45
• Branding Problems	46
■ The Right Tool for the Job:	
Choosing the best computer for your needs	46
• Windows, Mac, or Linux?	46
• Windows	48
• Macintosh	49
• Linux	50
• Desktop or Laptop?	51
• Desktop Computers	51
• Laptop Computers	51
• Making a Choice	52
• How much hardware muscle do you need?	52
• What kind of software do you need?	53
• Bundled Software	53
• Essential Add-ons	53
■ Other Factors to Consider	54
• Warranties and Service Plans	54
• Warranties: What's covered? What's excluded?	54
• Taking It Back	55
• Compatibility with Existing Environment	56
• The Circle of Computer Life	56
• How long can you expect your computer to be useful?	56
• Retiring Your Computer	57

## Chapter 04: It's a Comp's Life

■ Clear and Present Danger	62
• Bio Hazards	62
• Heat	62
• Humidity	63
• Airborne Pollution	63
• Magnetism	64
• Electro-shock Therapy	64
■ Outside Violence	65
• Dirty Peripherals	65
• Mice	65
• Keyboards	66
• Monitors	67
• Printers	68

- Physical Damage ..... 68
- Theft ..... 69
- Maintenance and Repair ..... 70
  - File Cleanup ..... 70
  - Troubleshooting and Repair ..... 70
    - First Steps ..... 70
    - Working with Techs ..... 71

## Chapter 05: Defining the Role of the Operating System

- Operating System Functions ..... 76
  - An OS Creates a User Interface ..... 76
  - An OS Manages System Hardware ..... 75
  - An OS organizes and Maintains Files ..... 77
    - Files ..... 77
    - File Types ..... 78
    - Folders ..... 78
  - An OS Acts As a Bridge Between Applications and Hardware ..... 80
- Capabilities and Limitations of an OS ..... 81
  - Text Commands in a Character-Based User Interface ..... 81
  - Point and Click in a GUI ..... 82
  - The Major Operating Systems ..... 82
    - Microsoft DOS ..... 83
    - Microsoft Windows ..... 83
    - Apple Macintosh ..... 85
    - Unix ..... 86
    - Linux ..... 86
    - Palm OS and Pocket PC/Windows Mobile ..... 86
  - Limitations ..... 87
    - Software Support ..... 87
    - Hardware Support ..... 87
    - Naming Conventions ..... 87
    - Case Sensitivity ..... 87
- Common OS Problems and their Solutions ..... 88
  - Operating System Instability ..... 88
    - Drive Scanning ..... 89
    - Disk Defragmenting ..... 90
  - Failure to Start ..... 91
  - Access Denied ..... 93

## Chapter 06: Getting to Know You – Navigating and Managing Windows

- Windows Interfaces ..... 100
  - Desktop ..... 100
  - Program Interface ..... 101
    - The Start Menu ..... 101
    - The Taskbar ..... 102
    - Using the Program Interface ..... 102

- The Many Faces of Explorer ..... 103
  - My Documents ..... 104
  - Windows Explorer ..... 105
    - Working with the Folders Pane ..... 105
    - Changing Views ..... 105
    - Standard Actions ..... 105
    - Selecting Multiple Targets ..... 106
- Good Housekeeping Seal of Approval ..... 107
  - A Place for Everything, and Everything in its Place ..... 107
    - File Properties ..... 107
    - Back Up Data ..... 108
    - Help and Support ..... 108
  - Search ..... 109
  - Good Night, Gracie ..... 110

## Chapter 07: Taking Control of Windows

- The Control Center: Windows Control Panel ..... 116
  - Common Control Panel Applets ..... 117
    - Display ..... 117
    - Date and Time ..... 118
    - Sounds and Audio Devices ..... 118
    - Fonts ..... 121
    - Keyboard ..... 122
    - Mouse ..... 122
    - Printers ..... 122
    - Systems ..... 123
- Changing Control Panel Settings ..... 124
  - Changing the Date and Time ..... 124
  - Changing Display Settings ..... 126
  - Changing Other Settings ..... 128
- Taking Precautions: Understanding the Impact of Changing System Settings with The Control Panel ..... 128
  - The Impact of Changing System Settings ..... 129
  - Designated Driver: Which User Account can change System Settings ..... 130
  - Exit Strategies: Undoing Unwanted System Setting Changes ..... 131
- Case Study: Printers ..... 132
  - Printer Icons ..... 132
  - Installing Printers ..... 132
  - Adding a Printer Manually ..... 134
  - Connecting to Networked Printers ..... 136
  - Deleting Printers ..... 136

## Chapter 08: Computer Applications

- Intro to Applications ..... 140
  - Creating Applications ..... 142
    - Programming ..... 143
    - Debugging ..... 144
    - Beta Testing ..... 144
    - Quality ..... 145

- Upgrading Applications ..... 145
  - Obtaining New CD-ROM Discs (or Floppy Disks) ..... 146
  - Downloading from the Internet ..... 146
  - Automatic Updates Directly from the Software ..... 146
- Installing Applications ..... 149
  - Installed Applications ..... 152
  - Uninstalling (Removing) a Program ..... 153
- Troubleshooting Applications ..... 153
  - Installed Program Will Not Start ..... 153
  - Access Denied or Not Enough User Permission ..... 154
  - Defective or Lost Installation Media ..... 154
  - Installation Stops Before Completion ..... 154
  - Installed Program Does Not Appear On the Computer ..... 155
  - Installed Program Fails to Work ..... 155
  - Other Programs Fail to Work after the  
New Product is Installed ..... 156
  - Files Cannot be Read by the New Application ..... 157
  - Application Compatibility ..... 157

**Chapter 09: Productivity Software**

- Mincing Words – Creating Text Documents with Word Processors,  
Desktop Publishing, and Web Editing Software ..... 163
  - Documents ..... 163
  - Editing – Not Just For Newspapers ..... 164
  - Formatting ..... 164
  - Desktop Publishing ..... 165
  - The Long and Short of It ..... 165
  - To Infinity, and Beyond! ..... 167
  - Text Document Formats: .TXT, .DOC, .HTM ..... 168
    - .TXT ..... 168
    - .DOC ..... 168
    - .HTM ..... 168
- Adding It Up – Making Charts, Tables, and Graphs with  
Spreadsheet Software ..... 168
  - Cells ..... 169
  - Worksheets & Workbooks ..... 170
  - Cell Contents ..... 170
  - Formulas and Functions ..... 173
  - Charts and Graphs ..... 174
  - Some Useful Ideas... ..... 174
  - Spreadsheet Formats: .XLS, .QPW ..... 174
    - .XLS ..... 173
    - .QPW ..... 174
- Everything in Its Place – Using Database Software ..... 174
  - Records and Fields ..... 175
  - Tables ..... 176
  - Queries ..... 176
  - Reports ..... 177
  - Forms ..... 178
  - The Real Power: Relational Databases ..... 178

- Databases in Daily Life ..... 180
- Database Programs ..... 181
- Making Your Point – Creating Slideshows with Presentation Software ..... 182
  - Slides ..... 182
  - Speaker Notes ..... 182
  - Text (Slide Titles and Bullet Points) ..... 183
  - Graphics ..... 183
  - Slide Masters ..... 183
  - Giving a Presentation ..... 184
  - Presentation Format: .PPT ..... 185
  - Presentation Editing Software ..... 185

## Chapter 10: Multimedia and Other Applications

- Graphics and Multimedia ..... 190
  - Making Pictures ..... 190
    - Photography ..... 190
    - Illustration ..... 193
    - Desktop Publishing ..... 193
    - Tools of the Trade ..... 194
    - Media ..... 196
  - Making Music ..... 198
    - WAV Files ..... 198
    - MP3 Files ..... 199
  - Video Killed the Radio Star ..... 199
    - Video For Windows ..... 200
    - QuickTime ..... 200
- Personal Applications ..... 201
  - Reach Out and Touch Someone ..... 201
    - Web Browsers ..... 201
    - E-mail Applications ..... 202
    - Get Chatty with Instant Messaging ..... 202
  - Get organized ..... 202
    - Contact Management Software ..... 204
    - Financial Software ..... 205
  - Better Living Through Games ..... 206
- Utilities You Can't Live Without ..... 208
  - File and Disk Compression Programs ..... 208
  - Anti-Virus Programs ..... 209
  - Backup ..... 211
- The Right Tool for the Job ..... 211

## Part 2 - Key Applications

### Chapter 11: Common Features of Windows Applications

■ Getting Around .....	220
• Start a Windows Application .....	221
• Exit a Windows Application .....	222
• The Application Window vs. the Document Window ...	223
• Open and Close a Document .....	224
• Scroll within the Document .....	224
• Change Document Views .....	225
• Change Document Magnification .....	227
• Switch Between Open Documents .....	228
■ Parts of the Screen .....	229
• The Title Bar .....	229
• The Menu Bar .....	230
• The Toolbars .....	230
• The Status Bar .....	231
• The Taskbar .....	231
■ The Many Faces of the Mouse Pointer .....	231
■ Getting Help .....	232
• Types of Help Resources .....	232
• Help within the OS or Application .....	232
• Printed Documentation .....	232
• Internet Help Sources .....	232
• Manufactures' Help Desks and Other Sources .....	232
• Using Help Resources within a Microsoft Office Application	233
• Searching in a Help Resource .....	233

### Chapter 12: Working with Documents

■ Creating a New File .....	238
• Creating a Blank Document .....	238
• Using a Template to Create a New File .....	238
■ Default File Names .....	241
■ Opening an Existing File .....	242
• Identifying the File Type .....	242
• Opening a File from within an Application .....	243
• Opening a File from My Computer/Windows Explorer or the Windows Desktop .....	243
■ Saving a File .....	244
• Saving Changes to an Existing File .....	244
• Using the Save As Command .....	244
• Saving a New File For the First Time .....	246
• Saving a File with a Different Name, Location, and/or Format .....	247
• Save to a Default Location .....	248
• Save to a Floppy Diskette or Other Removable Media ...	248
• Save to a Specified Directory/Folder .....	249
• Save in a New Folder on the Hard Drive .....	249

- Save to a Directory/Folder on a Network Drive ..... 249
- Save to the Desktop ..... 250
- Save in a Different File Format ..... 252
- Save As a Document Template ..... 253
- Closing a File ..... 253
  - Closing a File after Working with it ..... 254
  - Closing without Changing Anything ..... 254
- Problems you may encounter when Working with Documents .. 255
  - File Association not Set Up ..... 255
  - Product or Version Incompatibility ..... 256
  - File Corruption ..... 256
  - Problems Opening Files from within an Application ..... 256

## Chapter 13: Editing Documents

- Ways to Navigate ..... 262
  - Scrolling ..... 262
  - Searching ..... 262
  - Using Various Keyboard Tricks ..... 264
    - [Ctrl + Home] to Go to the Document Start ..... 265
    - [Ctrl + End] to Go to Document End ..... 265
    - [Ctrl + Right or Left Arrow Key] to Skip through Words . 265
    - [Ctrl + G] to Use the Go to Command ..... 265
- Selecting Information and Using the Clipboard ..... 265
  - Click and Drag ..... 266
  - [Shift]-Click ..... 266
  - Double and Triple-Click ..... 267
  - [Ctrl + A] to Select All ..... 267
- What to Do with Selected Information ..... 267
  - Clearing a Selection ..... 267
  - Using Insert/Overtyping to Replace Existing Text ..... 268
  - Cutting Selection ..... 268
  - Copying a Selection ..... 269
  - Pasting into Different File or Application ..... 269
  - Moving Selection using Drag and Drop ..... 270
- The Buttons You Need the Most ..... 270
  - Undo ..... 270
  - Redo/Repeat ..... 271
- Using a Spell Checker ..... 271
  - What a Spell Checker Can Do ..... 271
  - What a Spell Checker Can't Do ..... 272
- Changing the Look of your Text ..... 272
  - Selecting and Changing a Font ..... 273
  - Basic Text Characteristics ..... 274
    - Bold ..... 274
    - Italics ..... 274
    - Underline ..... 274
  - Fancier Text Tricks ..... 274
    - Changing Font Color ..... 274
    - Using Subscript and Superscript ..... 275

- Using [Shift + F3] to Change Case ..... 275
- A Picture is Worth a Thousand Words ..... 276
  - Inserting Images into a File ..... 276
    - Graphic Files ..... 276
    - Clip Art ..... 276
    - Using Drawn Object in a File ..... 276
  - Modifying Images in a File ..... 277
    - Selecting an Image ..... 277
    - Resizing an Image ..... 278
    - Moving an Image ..... 279
    - Copying an Image ..... 279
    - Cropping an Image ..... 279
    - Deleting an Image ..... 281

**Chapter 14: Printing Documents**

- Page Setup ..... 286
  - Margins ..... 287
  - Paper Size ..... 288
  - Paper Orientation ..... 289
- Print Preview ..... 289
  - Changing the View ..... 290
  - Identify and Solve Layout Problems before Printing ..... 291
- The Print Command and Its Options ..... 291
  - Which Printer to Use ..... 292
  - Which Pages to Print ..... 292
  - How Many Copies to Print ..... 292
- Managing Your Printing Environment ..... 293
  - Change the Default Printer ..... 294
  - Display the Current Print Queue ..... 294
  - Cancel a Print Job in Progress ..... 294
  - Pause a Print Job in Progress ..... 294
- Troubleshooting Common Printing Problems ..... 295
  - Hardware Issues ..... 295
  - Printer Driver Issues ..... 295
  - Using Valid Print Settings ..... 295
  - Missing Printer Error ..... 296

**Chapter 15: Basic Word Processing**

- Paragraph Formatting ..... 303
  - What is a Paragraph? ..... 303
    - Display Paragraph Formatting Marks ..... 303
  - Formatting a Paragraph ..... 304
    - Aligning Text ..... 305
    - Indenting Text ..... 306
    - Tabs ..... 307
    - Line Spacing ..... 309
    - Paragraph Spacing ..... 309
- Page and Section Breaks ..... 310
  - Page Breaks ..... 310

- Section Breaks ..... 312
- Symbols and Special Characters ..... 312
- Styles ..... 313
  - Apply a Style ..... 313
  - Modify a Style ..... 314
  - Create a Style ..... 316
  - Using Heading Styles to Organize a Document ..... 317
- Format Painter ..... 318
- Language Tools ..... 319
  - Spelling and Grammar ..... 319
  - Thesaurus ..... 320
  - Word Count ..... 321

## **Chapter 16: Text that Gets Attention: Word Tables, Lists, Borders, and Shading**

- Working with Tables in Word ..... 326
  - Getting Around in an Existing Table ..... 327
    - The Arrow Keys ..... 327
    - The [Tab] Key ..... 327
    - Adding or Changing Text in a Table ..... 328
  - Creating a Table ..... 328
    - Insert a Table ..... 328
    - Use Table Drawing Tools ..... 330
    - Convert a Text Selection to a Table ..... 331
  - Selecting Cells, Rows, and Columns ..... 332
  - Inserting and Deleting Cells, Rows, and Columns ..... 333
  - Splitting and Merging Cells ..... 335
  - Splitting a Table ..... 336
  - Adjusting Column Width and Row Height ..... 336
  - Aligning Cell Contents ..... 338
  - Formatting Tables with Borders and Shading ..... 338
  - Using Table Auto Format ..... 340
  - Sorting Data in a Table ..... 340
- Creating Bulleted and Numbered Lists ..... 342
- If You Build It, They Will Come: Creating and Outline ..... 343
- Adding Borders and Shading ..... 345

## **Chapter 17: Advanced Word Processing Skills**

- Page Numbering ..... 350
  - Adding and Formatting Page Numbers ..... 350
  - Changing a Document's Page Numbers ..... 351
  - Removing Page Numbers ..... 351
- Headers and footers ..... 352
  - Creating and Formatting Headers and Footers ..... 352
  - Including Date and Time Information in a Header or Footer ..... 353
    - Changing the Format of an Existing Date or Time Stamp ..... 354
    - Removing a Date or Time Stamp ..... 354
- Footnotes and Endnotes ..... 355
  - Creating Notes ..... 356

- Formatting Notes ..... 357
- Converting Footnotes to Endnotes, or *Vice Versa* ..... 357
- Modifying Notes ..... 358
- Working with Document Comments ..... 358
  - Inserting Comments ..... 359
  - Viewing and Hiding Comments ..... 361
  - Printing Comments ..... 361
- Tracking Document Changes ..... 361
  - Track Changes While Editing ..... 361
  - Accept or Reject Tracked Changes ..... 362

## Chapter 18: Basic Spreadsheet Skills

- Understanding Spreadsheets ..... 370
  - Columns and Rows ..... 370
  - Identifying a Cell by its Row Number and Column Letter ... 370
  - Column Headings ..... 370
  - Row Labels ..... 371
  - Selecting Data in a Spreadsheet ..... 371
    - Select an Individual Cell ..... 371
    - Select a Row or a Column ..... 371
    - Select a Cell Range ..... 371
- Working with Cell Data in Rows and Columns ..... 372
  - Enter Cell Data ..... 372
  - Changing Cell Data ..... 372
  - Filling in a Series of Cells ..... 373
  - Inserting and Deleting Cells, Rows, Columns,  
and Worksheets ..... 374
  - Adjusting Column Width and Row Height ..... 374
  - Using AutoFit to Adjust Column and Row Width ..... 375
  - Keeping Columns and Rows Visible ..... 376
- Formatting Cells ..... 376
  - Numbers ..... 376
  - Currency ..... 377
  - Data and Time ..... 377
  - Cell Borders and Shading ..... 378
  - Cell Alignment ..... 379
  - Creating and Applying Styles ..... 380

## Chapter 19: Advanced Spreadsheet Skills

- Sorting Worksheet Data ..... 386
- What's Your Function? Working with Formulas and Functions .. 386
  - Inserting Arithmetic Formulas into Worksheet Cells ..... 387
  - Understanding Frequently Used Worksheet Functions ..... 388
  - Inserting Formulas that Include Worksheet  
Functions into Cells ..... 390
  - Modifying Formulas and Functions ..... 390
  - Using AutoSum ..... 391
  - Absolute and Relative Cell Addresses ..... 391
  - Common Sources of Errors in Formulas and Functions ..... 394

- The Aftermath of Math, or What to Do with Your Results . . . . . 394
  - Drawing Conclusions Based on Table Data . . . . . 394
  - Charting Your Data . . . . . 395
    - Creating a Chart Based on Worksheet Data . . . . . 395
    - Editing a Chart . . . . . 396
    - Changing the Chart Type . . . . . 397
    - The Right Chart for Every Occasion . . . . . 398
    - Determining Whether a Chart Accurately Represents Worksheet Data . . . . . 399
  - Printing in Excel . . . . . 400
    - Setting a Print Area . . . . . 400
    - Page Setup . . . . . 400

## **Chapter 20: Mastering the Art of Presentation**

- Presentation Design . . . . . 406
  - Listing to Starboard – Numbers and Bullets . . . . . 407
  - Using Tables and Charts . . . . . 407
  - Using Slide Masters for Consistency . . . . . 408
- Creating Presentations . . . . . 408
  - Making a New Presentation . . . . . 408
    - Use the AutoContent Wizard . . . . . 408
    - Apply a Design Template . . . . . 411
  - Managing Slides . . . . . 413
    - Slide Views . . . . . 413
    - Create a New Slide . . . . . 414
    - Duplicate and Existing Slide . . . . . 414
    - Delete a Slide . . . . . 415
    - Change the Order of Slides Using Slide Sorting View . . . 415
    - Preview the Presentation . . . . . 416
  - Modifying a Slide’s Text and Appearance . . . . . 417
    - Adding and Changing Text . . . . . 417
    - Apply Bullets and Numbering to Slide Text . . . . . 418
    - Change a Slide’s Layout . . . . . 418
    - Modify a Slide’s Background . . . . . 418
    - Add Slide Master Content . . . . . 419
  - Using Graphic and Data Elements on a Slide . . . . . 419
    - Drawn Objects . . . . . 420
    - Text Boxes . . . . . 420
    - Adding Live and Fill to Slide Elements . . . . . 420
- Show Time! Presentation Techniques . . . . . 421
  - Assigning Transitions . . . . . 421
  - Creating Speaker Notes and Handouts . . . . . 422
  - Preview and Practice . . . . . 422
  - Running the Presentation . . . . . 423
    - Hardware for Presenting . . . . . 423
    - Navigating the Slide Show . . . . . 423
    - Ending the Show . . . . . 424

## Part 3 - Living Online

### Chapter 21: Network Basics

■ Servers and Clients .....	430
■ Network Machines .....	430
• Clients .....	431
• Servers .....	431
• Supercomputers, Mainframes, and Minicomputers .....	431
• Microcomputer Servers .....	432
• IBM PC-based Microcomputer Servers .....	433
• Apple Microcomputer .....	433
• Linux on the Inside .....	434
• UNIX .....	434
■ Creating Your Network .....	434
• Network Types .....	434
• Network Hardware .....	436
• Wired Network .....	436
• Networking Process .....	437
• Hardware and Software: Tango in Paris .....	440
• HUB versus Switch .....	440
• Wireless Components .....	441
• Modems and Dial-Up .....	442
• Analog Versus Digital .....	442
■ Perils of Pauline: Benefits, Risks, and Security .....	442
• Upside of Network Computing .....	443
• Downside of Network Computing .....	444
• Security .....	444
• Principle of Least Access (PoLA) .....	446

### Chapter 22: Network Communication and the Internet

■ The Common Tongue .....	450
■ Telephone Systems .....	451
• Types of Telephones .....	454
• Throwing Computers Into the Mix .....	454
■ The Internet .....	455
• Making the Connection: ISP, Dial-Up, Dedicated, Wireless, LAN .....	455
• ISP Roles and Responsibilities .....	456
• Dial-Up Connections .....	457
• Benefits, Reliability, and Disadvantages .....	457
• Data Transmission Rates .....	458
• Dial-Up Rates .....	459
• Dedicated Connection .....	459
• Cable .....	460
• DSL .....	461
• Wireless Connection .....	463
• PDAs and Mobile Phones .....	465
• LAN Connections .....	465

## Chapter 23: Reach Out and Touch Someone – E-mail in the 21<sup>st</sup> Century

■ How E-mail Works	472
• Internal Network Mail	472
• E-mail over the Internet	474
• Anatomy of an Internet E-mail Address	476
• .com	476
• .gov	476

• .net	477
• .info	477
• .biz	477
• International Domain Types	477
• Putting Together Clues	477
■ Accessing E-mail	478
• Dedicated E-mail Software	478
• Web-based E-mail	479
■ Sending E-mail	480
• Components of an E-mail Message	480
• Managing Addresses	481
• Adding Entries	482
• Editing and Deleting Contacts	483
• Enhancing E-mail Content	483
• Embed Multimedia	483
■ Handling Incoming E-mail	484
• View	484
